IP67  
Shockproof box  
Customizable with Customer Logo

# STANDARD LAUNCH LEAD

Contained within a durable case with IP67 protection, the Fibernet launch lead is suitable for the most extreme uses in the field in fiber optic path measurement operations.

## TECHNICAL SPECIFICATIONS

|                      |                                                          |
|----------------------|----------------------------------------------------------|
| DIMENSIONS           | 216 x 180 x 102                                          |
| WEIGHT               | 1,1 kg                                                   |
| WORKING TEMPERATURE  | -33 ÷ +90 °C                                             |
| INSERTION LOSS       | < 0,5 dB (1 km 9/125@1550nm)                             |
| RETURN LOSS          | UPC < -50 dB - APC < -60 dB                              |
| FIBER LENGTH         | Up to 4,000 m                                            |
| MATERIAL             | POLYpropylene                                            |
| FIBRE TYPE           | SM: G.652D - G.657A - G.655<br>MM: OM1 - OM2 - OM3 - OM4 |
| TYPE OF<br>LAPPATURA | SC / LC / MU / FC / ST<br>UPC / APC                      |
